Url : https://stage-ifront.gmoney.loans/admin-login (Insurance),

3. Tree Census(Government)

Duration: 2 months.
Skill : React 17, Redux etc.
Tools: Microsoft Team, Google Chat, outLook, GitLab,Figma etc.
Development Tools: Vsc , Filezilla etc.

Role : Development, UI-Design, Unit-Testing etc.

Description : Tree Census is the Tree Management System application designed primarily for municipal council or corporation for managing the tree census data.

4. Flipkart Health+ (Flipkart)

Duration: 4+ months.
Skill : Angular 6, Angular 8, node.js (Express.js) etc.
Tools: Slack, Microsoft Team, outLook, Github, JIRA ,Figma etc.
Development Tools: Vsc , RDB, [Branch.io, Firebase.io, QuickSilver ,App in App (Ultra SDK)] etc.
Role : Development, UI-Design, Unit-Testing etc.

Description : This Project is the E-commerce mobile-site especially for medicine which is developed for Flipkart called Flipkart Health i.e User can buy and consumer can sell their pharma products.

Url : https://healthplus.flipkart.com (under Development).

5. PKI Signal to SDC (Pfizer)

Duration: 7+ months.
Skill : Angular 13, React.js, node.js (Express.js), MYSQL etc.
Tools: Microsoft Team, AWS ,outLook , Github, JIRA ,Figma etc.
Development Tools: Vsc , AWS VDS, Webex, [SDK notebook ,Perkeline Lab - Chemdraw , SSO] etc.
Role : Development, UI-Design, Unit-Testing.

Description : This Project PKI E-Notebook i.e Its Web UI application for Pfizer scientists, This Web app allows scientists to search all kinds of chemical related data using various search inputs and view the result in detail.

6. PlayFunction(E-commerce)

Duration: 1.5+ Years.
Skill: Angular 8 etc.
Tools: GitLab , Hangout , JIRA .etc
Development Tools: Vsc , Filezilla etc.
Role : UI-Design ,Development.

Description : It's an Israel based E-Commerce application.Its develop on two different platforms with two different angular applications i.e for Uk (English Language) and Israel (Hebrew Language) .Its online store for baby and kids products especially toys.

Url : https://playfunction.co.il, https://uat.playfunction.co.uk

7. HOSPITAL (Management)

Duration: 6+ months.
Skill: Angular 10, Angular 11 etc.

Tools: GitLab , Slack .etc
Development Tools: Localization ,QR Code Scanner ,Kiosk ,Iptv .etc
Role : Development, UI-Design, Unit-Testing.

Description : It's an Algerian based Hospital Management App Consist multiple projects like IPTV(screen Display App),Kiosk(User Interaction App),Call User (Receptionist Interaction App),QMS(Admin,User App).

It is developed in Multiple languages consisting of **French**, **Arabian** and **English using Localization**.

8. Vendor App(Food Management)

Duration: 3+ Months.
Skill: ReactJs (17.0.2), ReactNative, Node.js, Express.js etc.
Tools: GitLab , Slack, JIRA .etc
Role : UI-Design ,Development.

Description : It's an Oman based Food Delivery application.Its a restaurant aggregator and food delivery with tracking and Notification features.

Url : https://vendorfrontapp.akeedapp.info

9. RECL INDIA

Duration: 1.2+ Years.
Skill: Angular 8 etc.
Tools: GitLab ,Hangout .etc
Role : Development, UI-Design, Unit-Testing.

Description : Its a multi-user application which is handled by the company and its customer for ordering, managing and tracking delivery vehicles containing explosive and chemical, managing gates of Factories.

Url : https://app.reclindia.com

10. Sigma(Fleet Management)

Duration: 5+ Months.
Skill: MongoDB ,Angular 9, Angular 11, Express.js, Node.js etc.
Tools: Gitlab, BitBucket, Skype .etc
Role : UI-Design ,Front end Development and Backend Development, Unit-Testing.

Description : It's an USA based vehicle management suite that encompasses various Vehicle management, maintenance, assets maintenance and management and tracking solutions for business users.

Url : https://sigma-admin.timelinesolution.in

11. RESIMPLI

Duration: 9+ months.

Skill: MongoDB, Angular 4, Angular 10, Angular 11, Express.js, Node.js etc.
Tools: GitLab, BitBucket, Slack etc.
Role : Development, UI-Design, Unit-Testing.

Description : it's a business management software for real estate investors. REsimpli is an All-In-One software for Real Estate Investors that requires No customization.

Url : https://app.reclindia.com , http://new.resimpli.com , https://adminv2.resimpli.com

12. PartyNova

Duration: 8+ months.
Skill: MongoDB, Angular 9, Angular 10, Express.js, Node.js etc.
Tools: Skype, Gitlab etc.
Role : Development, UI-Design, Unit-Testing.

Description : It's an USA based E-Commerce application .Its online store for all types of products especially attires.In PartyNova you can buy and sell your Product, put advertisements (just like **Alibaba**).

PartyNova also contains the **AI** based **latest tech** feature i.e you can apply your products on yourself for better understanding on fittings (just like lenskart).

Url : http://partynotova.timelinesolution.in , http://partynotova.cus.timelinesolution.in

14. SchoolERP

Duration: 6+ months.
Skill: MongoDB, React.js, Node.js, Hapi.js etc.
Tools: Skype, Gitlab, BitBucket   etc.
Role : Development, UI-Design, Unit-Testing.

Description : It's an Institution Management Software . It's a software that Institution organizations use to manage day-to-day business activities such as accounting, procurement ,attendance ,Registration , Scholarship etc.

15. Daman Online Services(Daman & Diu Gov.)

Duration: 2.5+ months.
Skill: Angular 7, Node , Express.js, MYSQL etc.
Tools: Hangout, Gitlab etc.

Role : UI-Design ,FrontEnd-Development.
